

Technical Rider

« Souvent je regarde le ciel »

SPACE REQUIRED

Floor: flat and relatively smooth. Hard soil or grass.

Acceptable slope: 5%

Required space : Ideally 8 x 8 meters ; minimum 7 x 7 meters

Height minimum : 4 meters

Ideal type of location:

Calm and not too crowded spaces, small squares, public gardens; locations where intimacy is possible.

AUDIENCE

Circular audience, first lines sitting on the ground or on carpet followed by tiered seating.

All Audience welcome.

Ideal time: Late afternoon, early evening.

DURATION: 35 minutes.

TIME TO BUILD UP: minimum 2 hour

TIME TO DISMANTLE: minimum 30 minutes

NEEDS OF THE COMPANY

Possibility to park our van close to location

Changing room

Guarding of the playing area before the performance

Fallback location in case of bad weather

SOUND

We come with our own sound system with 4 speakers, and only need electricity. For audiences bigger than 500 people we ask for rental speakers and a sound technician.

LIGHT

Regular light settings to be provided by the organisation in case of a night performance.
